## About the Sustainable Tourism Mission

The Sustainable Tourism Mission of the Interreg Euro-MED Programme focuses on fostering a circular tourism, considering the sustainability of ecosystem services using innovation technologies, and promoting the preservation of natural resources and cultural heritage.

Two governance projects (Community4Tourism & Dialogue4Tourism), together with the rest of Thematic Projects under this Mission, work jointly to develop solutions and promote cooperation in the Euro-MED and beyond, to increase the coordination level and institutional capacity to make the tourism greener, smarter and more resilient.

## About the Community Meeting

The Thematic Community Project of the Interreg Euro-MED Programme (Community4Tourism) was launched in January 2023 for a seven-year period. It is a governance project that is part of the Sustainable Tourism Mission of the Euro-MED programme, together with the Institutional Dialogue Project (Dialogue4Tourism).

In October 2025, the **2nd Community Meeting** will take place in Tirana during two full days, to welcome to the Mission 10 new Thematic Projects + 2 Strategic Territorial Projects (having a total number of 22 projects), keep working on synergies among the projects and support the project's activities through the key activities from the governance projects that are part of the Sustainable Tourism Mission.
